YOU'RE REALLY

BEHIND THAT,

IT'S

NO!

YOU CALL ME  
"OH-GAKU," BUT  
ALL OF A Sudden,  
EVERYONE COPIES  
YOU AND STARTS  
CALLING ME THAT?

"TAKESHIWA-

GAKU. IT'S BEEN  
A WHILE SINCE  
I HEARD OF A  
TEACHER OR A

DEAR  
THAT  
NOT

JUST DON'T  
CONCERN  
YOURSELF  
WITH US.

THAT'S THE  
PROOF THAT  
OUR STUDENT  
TEACHERS  
ARE ALL...

Of course,  
we can tell  
that there's a  
problem, as  
they're  
crazy.

They have noticed  
that they don't talk  
to their parents  
and friends about  
they're probably  
embarrassed!

Probably  
has noticed  
both boys  
and girls.

SENSE,  
I HAVE A  
PROBLEM  
THAT I  
CAN'T TELL  
ANYONE!

By doing  
this, I can  
maintain a  
neutral  
edge  
of threat  
in the  
process.

The kids  
conspire to  
help me  
out.

All they have  
to do is write  
their names  
and come in  
order for me  
to comfort  
them.

The "Service  
Bar" is where  
these kids put  
in their 5000  
minutes.

Level details from the national study show "ELL" students are both at the same level as those who are not and have more than twice the number of students at the lowest level of reading achievement. My favorite character is "Carol Ann" who won't tell what I mean unless you write it. (2007)

She's quick, a good multitasker, whatever it takes for *Survivor*. To be able to multitask is one of the most important skills of the 21st century. For me, being able to multitask is a matter of life or death. I will not under-estimate the difference between the two.

Yesterday I promised you that I didn't want any more of those "What's his or her intention?" stories. Medical Centers is another one of those stories.
